

Rostlinná pletiva - třídění podle tloušťky buněčné stěny

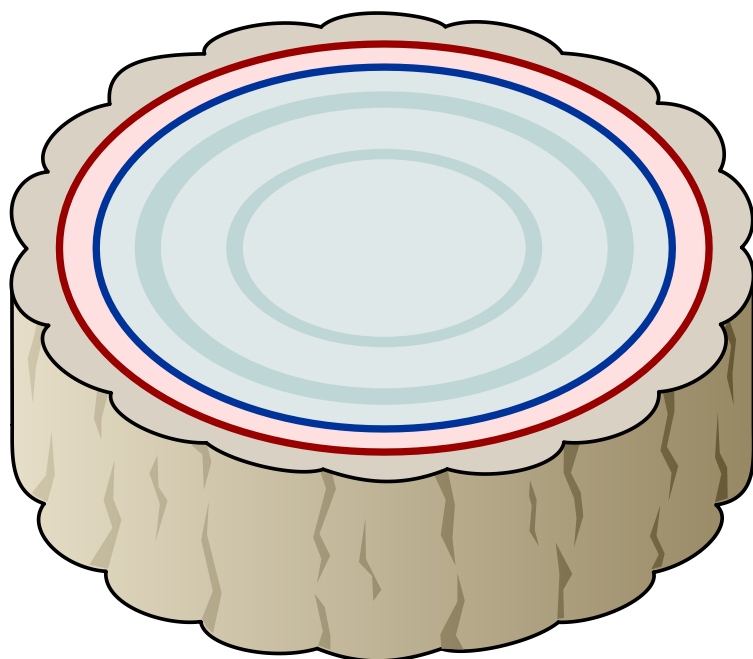

Meristemy

Primární meristemy

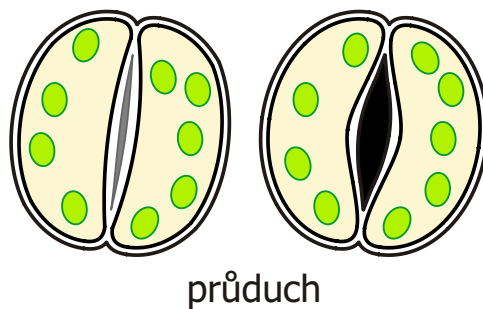

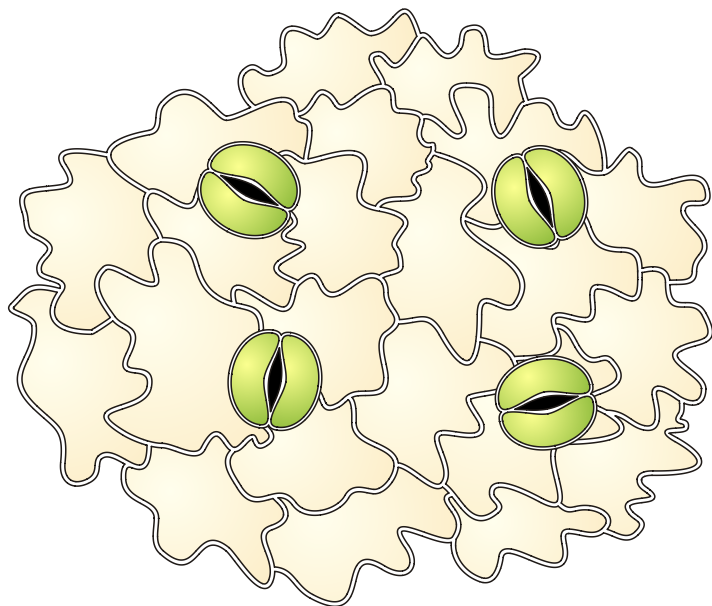

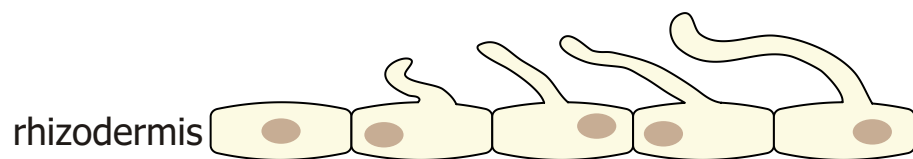

Sekundární meristemy

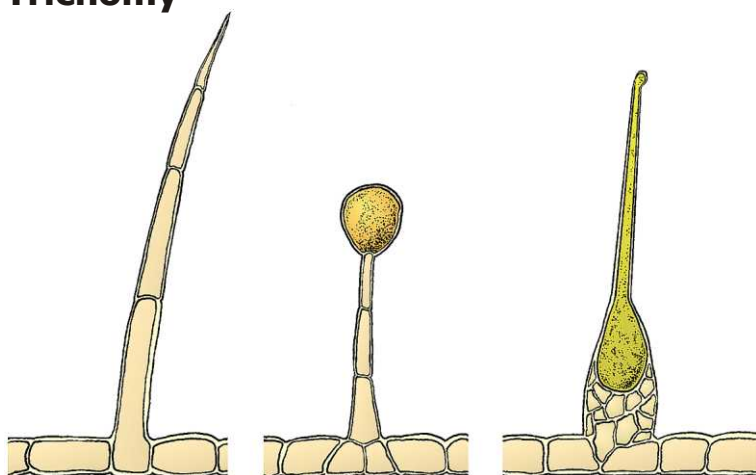

Utajené ("spící") meristemy

Krycí pletiva

Trichomy

Hydatody (gutace)

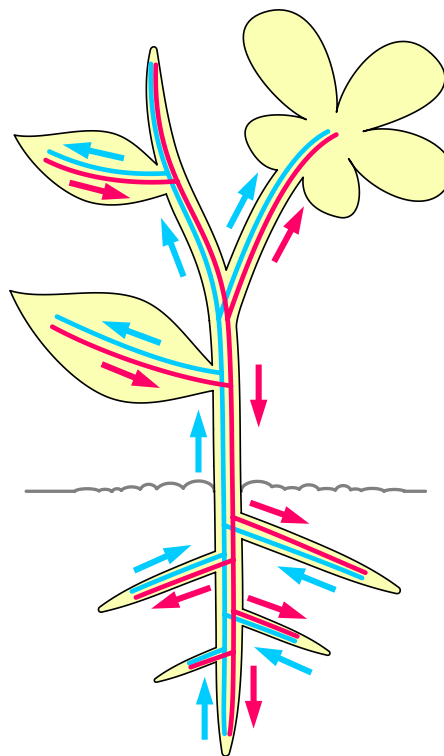

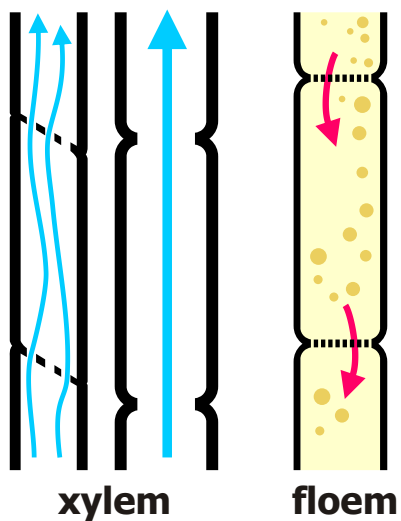

Korková vrstva (borka)

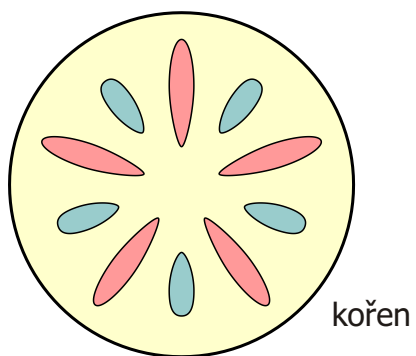

Lenticely

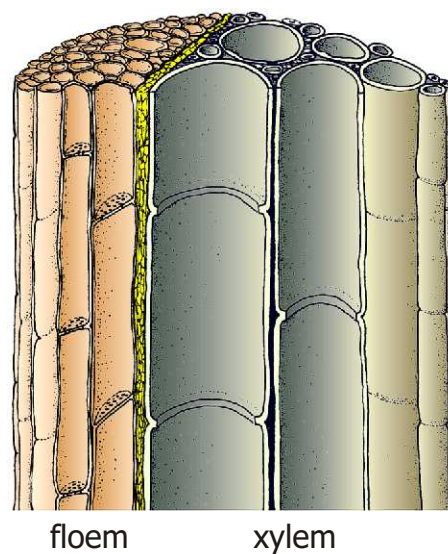

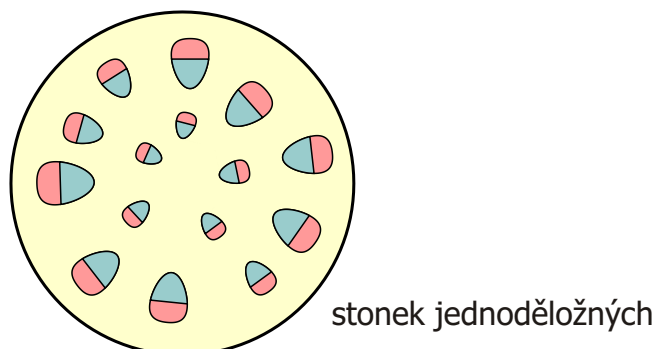

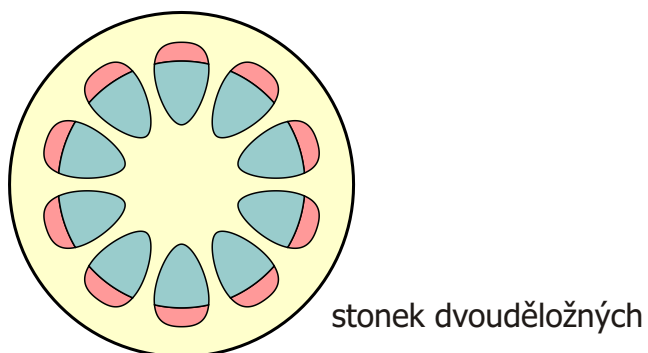

Vodivá pletiva

Radiální cévní svazky

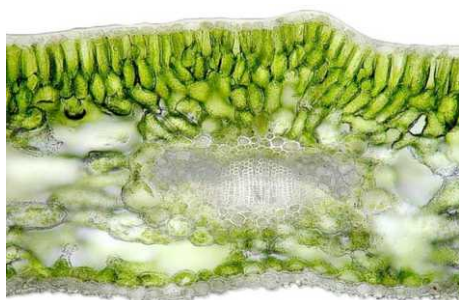

Kolaterální cévní svazky

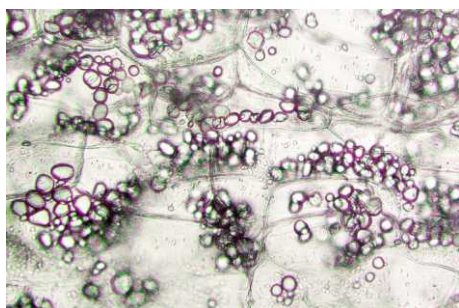

Další typy pletiv

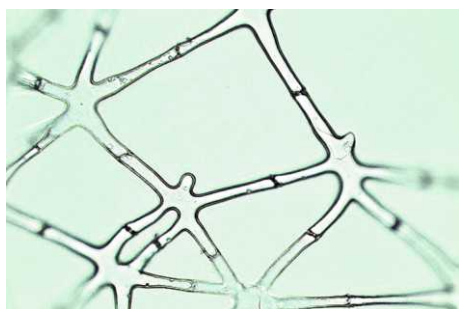

Asimilační (fotosyntetické) pletivo

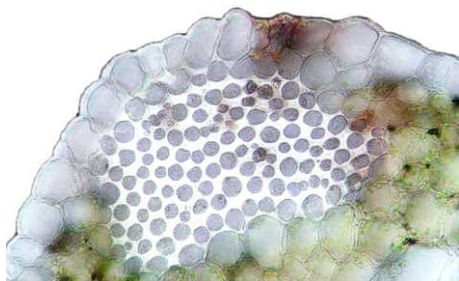

Zásobní pletivo

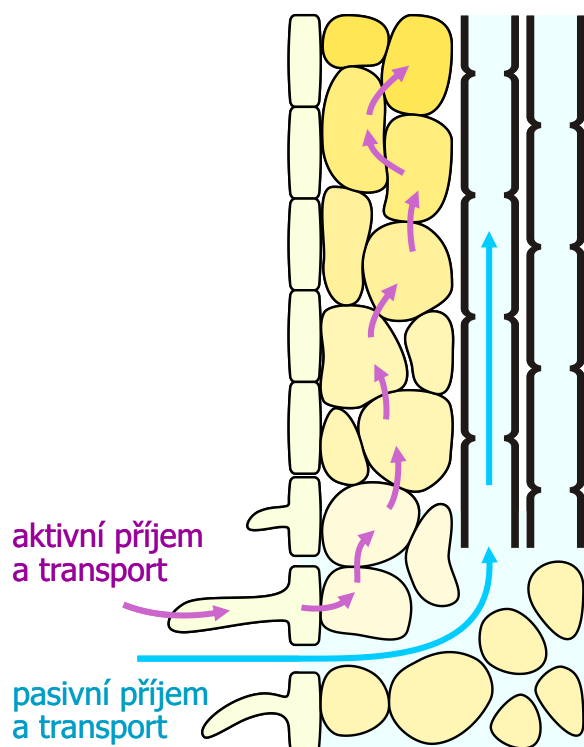

Provzdušňovací pletivo (aerenchym)

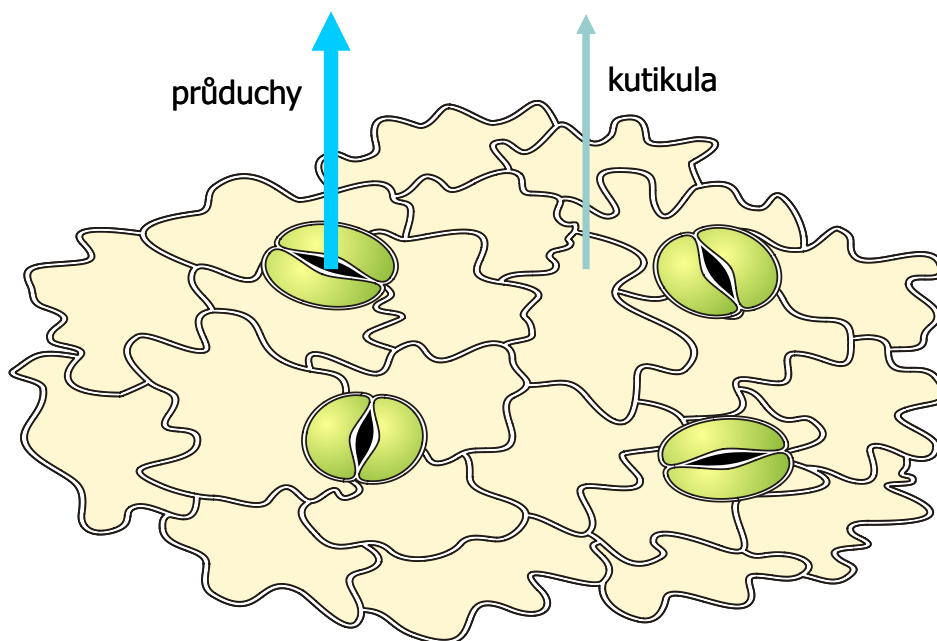

Zpevňovací pletivo

Příjem a vedení vody

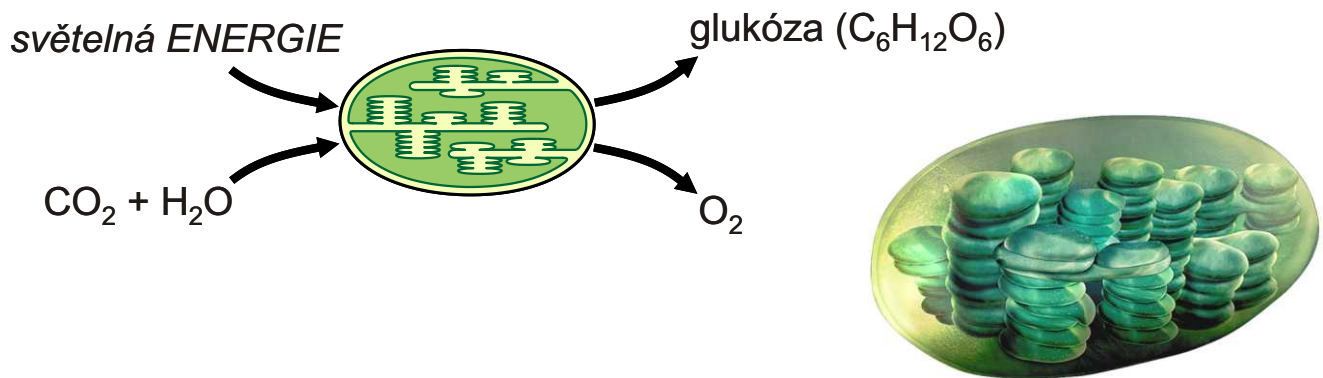

Výdej vody

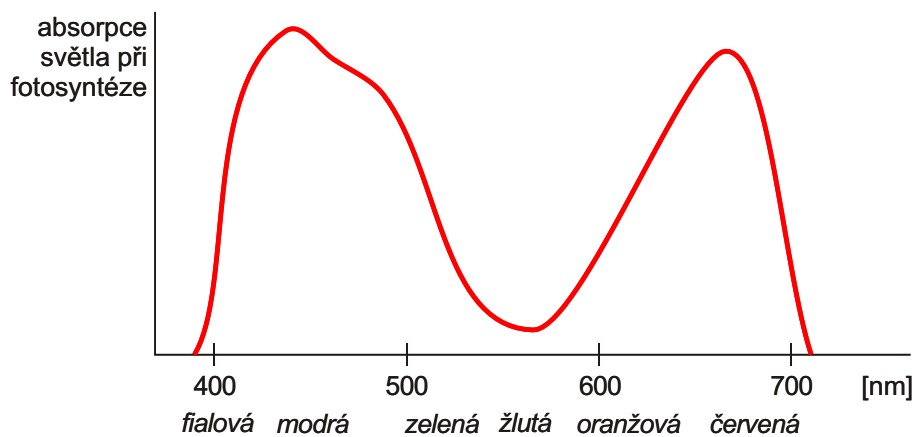

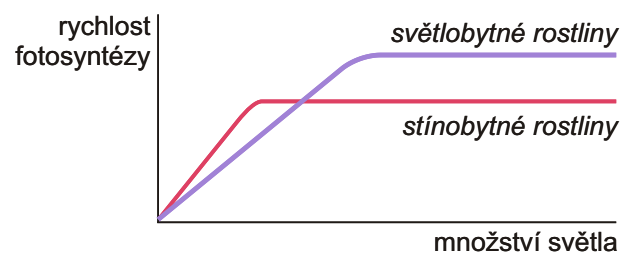

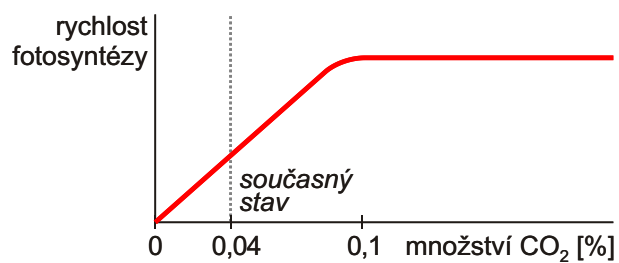

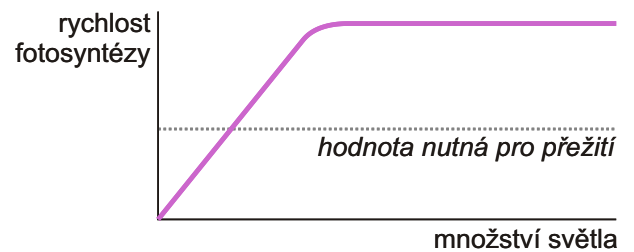

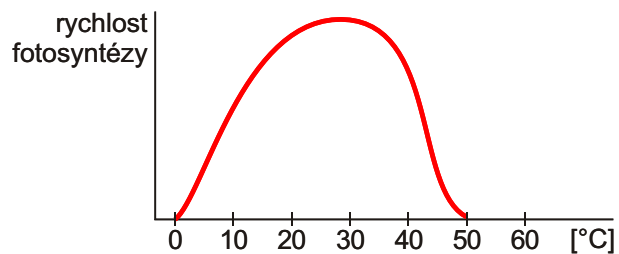

gutace

Autotrofní výživa rostlin

Faktory fotosyntézy

Heterotrofní rostliny

Mixotrofie

poloparazitismus

masožravé rostliny
